

## Instructions for Submitting Proposals: Myopia Control Research Grant

### Eligibility:

Researchers and clinicians working on myopia control in ophthalmology, optometry, vision science, or related fields in Saudi Arabia.

### The Proposal (10 - 15 pages) includes:

- Abstract and title (200 words).
- Introduction, rationale, hypothesis and objectives (clear statement of research aims).
- Methodology (study design, sample size, participants, clinical tests and interventions, and data analysis plan).
- Expected outcomes and significance.
- Timeline.
- Detailed budget with justification.
- Ethical certificates for the team members and ethics approvals.
- References (key literature).
- The project should include community events to raise awareness of myopia.

### Format:

- Consistent format, typed in a clear, readable font (e.g., Times New Roman or Arial, size 12).
- Line spacing: 1.5 with 1-inch margins.
- Submitted as a PDF document.

### Submission:

- The proposals should be submitted to the submission portal at [MyopiaArabia.org.sa](http://MyopiaArabia.org.sa).
- The deadline for the proposal submission is 30th January 2026.
- Include the contact information of the principal investigator.

### Evaluation:

Proposals will be reviewed based on scientific merit, innovation, feasibility, and relevance to myopia control.
